Products (*Subscription = min. 4x 1 Set White Scale every 3 months, payable when ordering)

Hohenstein White Scale „single“	Number	Hohenstein White Scale „subscription“	Number
<input type="checkbox"/> Type 1, article no. 830 – Single piece can be used with measurement devices with a moveable UV filter, e.g. Datacolor International, XRite, HunterLab, Lorentzen & Wettre, Minolta. Durability: 3 months		<input type="checkbox"/> Type 1, article no. 832 – Subscription * can be used with measurement devices with a moveable UV-filter, e.g. Datacolor International, XRite, HunterLab, Lorentzen & Wettre, Minolta. Durability: 3 months	
<input type="checkbox"/> Type 2, article no. 831 – Single piece is like type 1, but with additional documented remission values. UV adjustment is calculated by measuring and entering values. It can only be used with suitable devices (e.g. Minolta, CM-36xx- or CM-26xxseries). Durability: 3 months		<input type="checkbox"/> Type 2, article no. 833 – Subscription * is like type 1, but with additional documented remission values. UV-adjustment is calculated by measuring and entering values. It can only be used with suitable devices (e.g. Minolta, CM-36xx- or CM-26xxseries). Durability: 3 months	
<input type="checkbox"/> Type 3, article no. 835 – Single piece is like type 2, but calibration data are also provided on a mini-CD that can be directly read into the software. This is only suitable for the "Polaris White Star" measurement system from Axiphos. Durability: 3 months		<input type="checkbox"/> Type 3, article no. 836 – Subscription * is like type 2, but calibration-data are also provided on a mini-CD that can be directly read into the software. This is only suitable for the "Polaris White Star" measurement system from Axiphos. Durability: 3 months	

Products	
Illumination Control Sample	Number
<input type="checkbox"/> Synthetic A 1 synthetic plate (60 mm x 90 mm), with double-sided matte finish and two marked measurement points each < 35 mm in diameter. Durability: 1 year	
<input type="checkbox"/> Synthetic C 1 synthetic plate (50 mm x 75 mm) matte, without markings or measurement points, and therefore suitable for larger measuring diaphragms Durability: 1 year
