CHECKLIST

Certification OEKO-TEX® STANDARD 100

PROOF OF QUALITY ASSURANCE AND MANAGEMENT

- For externally certified management systems, such as ISO 9000, ISO 14000, EMAS, OEKO-TEX® STeP or SA 8000, attach a copy of the certificate. The document should display the OEKO-TEX® production chain. If that is not the case, please hand in a separate description of your internal QMS as described in the next section.
- For in-house QMS, attach a short description. Following aspects should at minimum be included in the description:
 1. Organizational chart/list with names and responsibilities (CEO, Purchasing, QM etc.)
 2. Procedures for the purchase (suppliers), production, traceability, quality control (incoming and outgoing), proper storage and identification (of raw materials as well as of products that may or may not be covered by the OEKO-TEX® certification).
 3. Procedure how to handle non-conformities and corrective actions.

Please note: Not all aspects might apply for trading companies!

If necessary, further documents such as material safety data sheets or similar may also be requested.

REPRESENTATIVE SAMPLE MATERIAL

- The range of the samples has to represent the article group. It has to be chosen from the actual production.
- Please only send samples from current production.
- Customs related information for non-EU deliveries: Please scan QR Code on the right side. You will be guided to our checklist „Material Quantities“ where further information are given in the last section of the document. Or download current version from Hohenstein website: www.hohenstein.com/checklist-sample-materials
