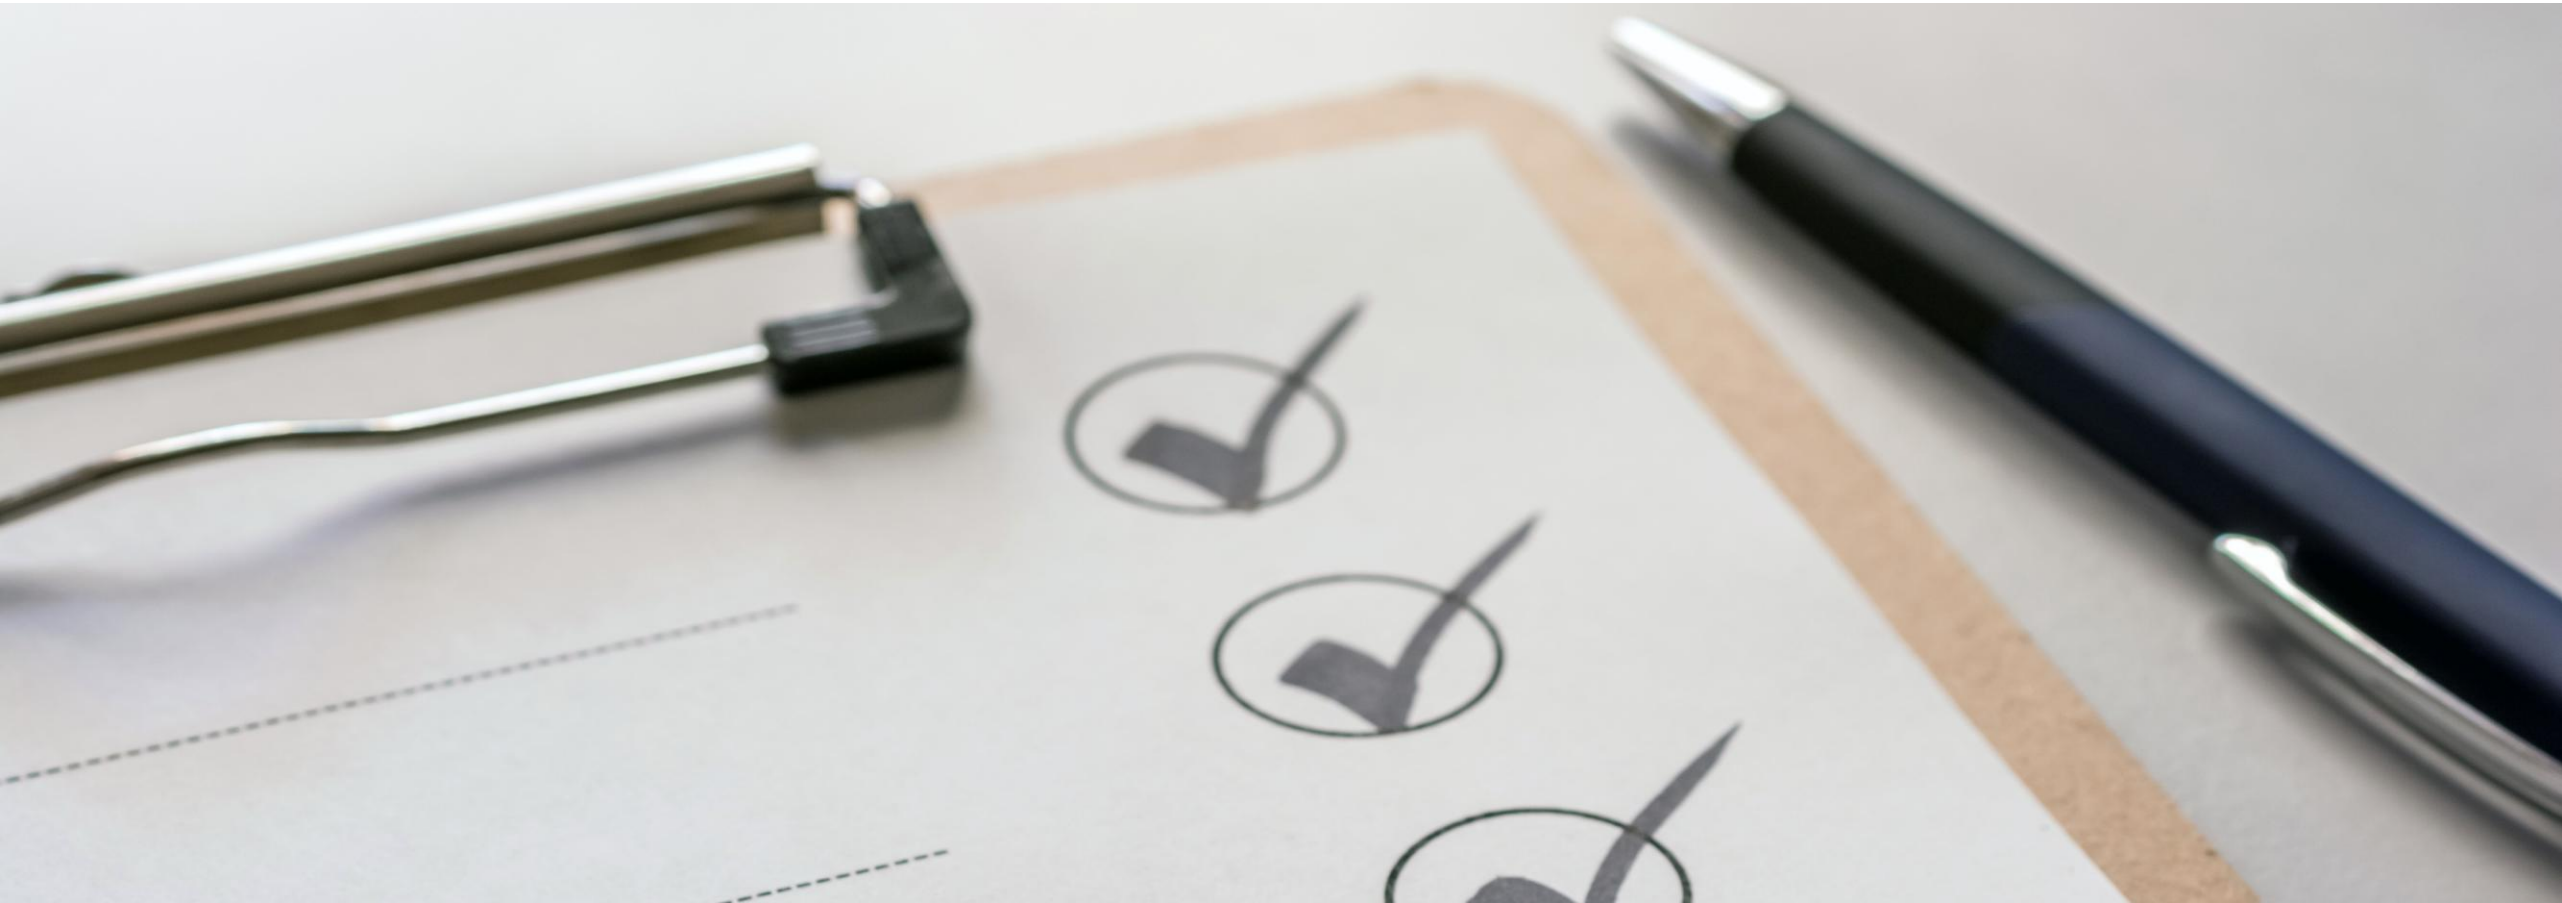
STANDARD 100: Fill-in Guide

- Application Documents -

HOHENSTEIN



OVERVIEW

1. Application Form
2. OEKO-TEX® Supplier List Annex
3. Supplier Certificate and Delivery Notes
4. Quality Manual
5. Recipe
6. Declaration of Conformity

1. APPLICATION FORM

1. APPLICATION FORM - OVERVIEW

1.1 General Information

1.2 Address and Contact Details

1.3 Certificate type

1.4 Product and Material Details

1.5 Source Material Details

1.6 Quality Assurance

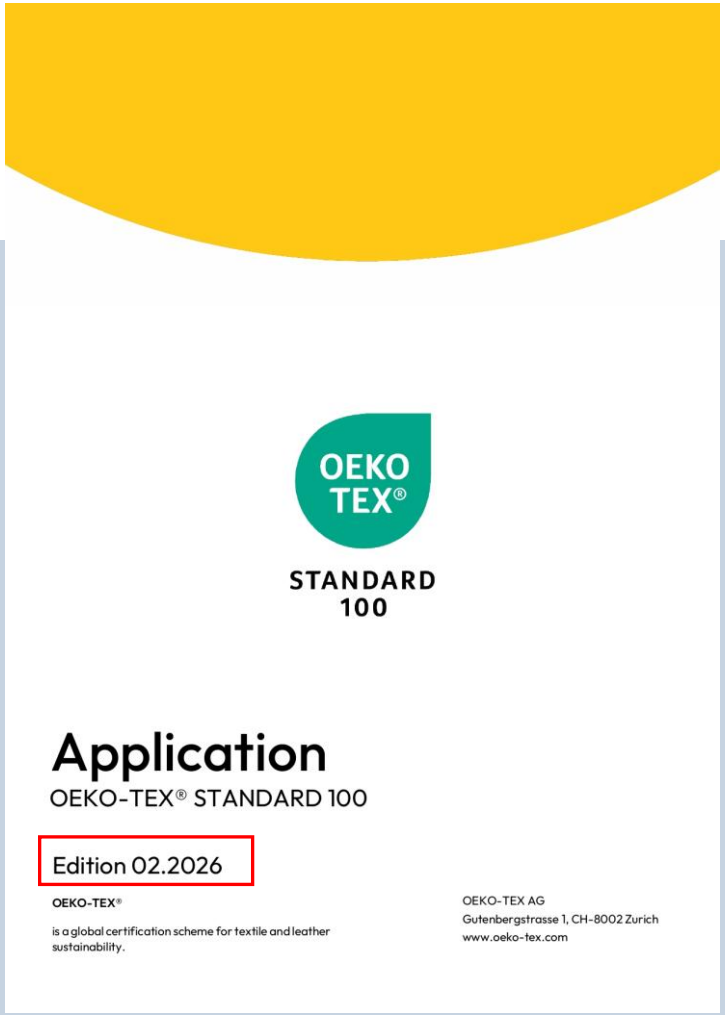
1.7 Declaration of Commitment

1.1 GENERAL INFORMATION

- Only the **latest version** of the application form will be accepted.

→ OEKO-TEX® STANDARD 100 Application Form

- All **relevant fields** must be completed
- The application form must be **signed and dated**
- Please **email** documents to: oeko-tex@hohenstein.com
- All forms can be found on the Hohenstein Website

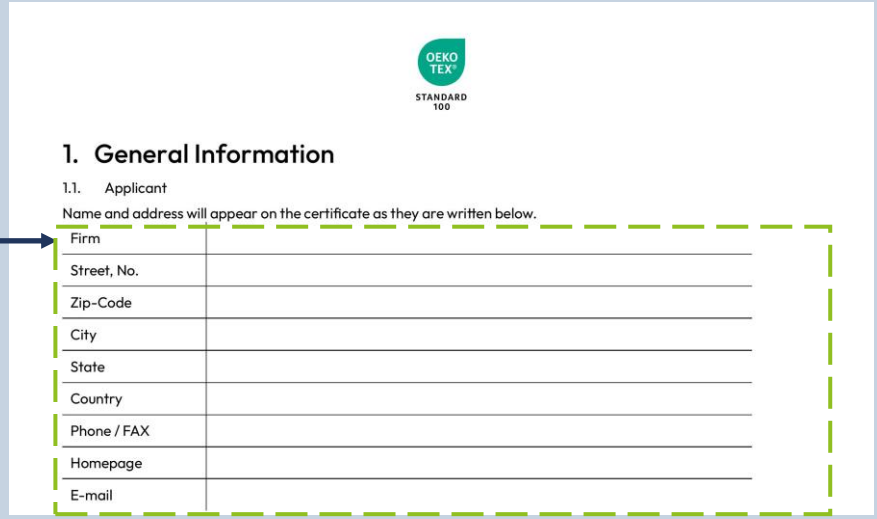


1.2 ADDRESS AND CONTACT DETAILS
- APPLICATION P. 2 -

Enter the company name, address, and contact details.

Please check for accuracy and spelling mistakes.

This is the **certificate holder**. The company name and address are shown on the certificate and all reports.



1. General Information

1.1. Applicant

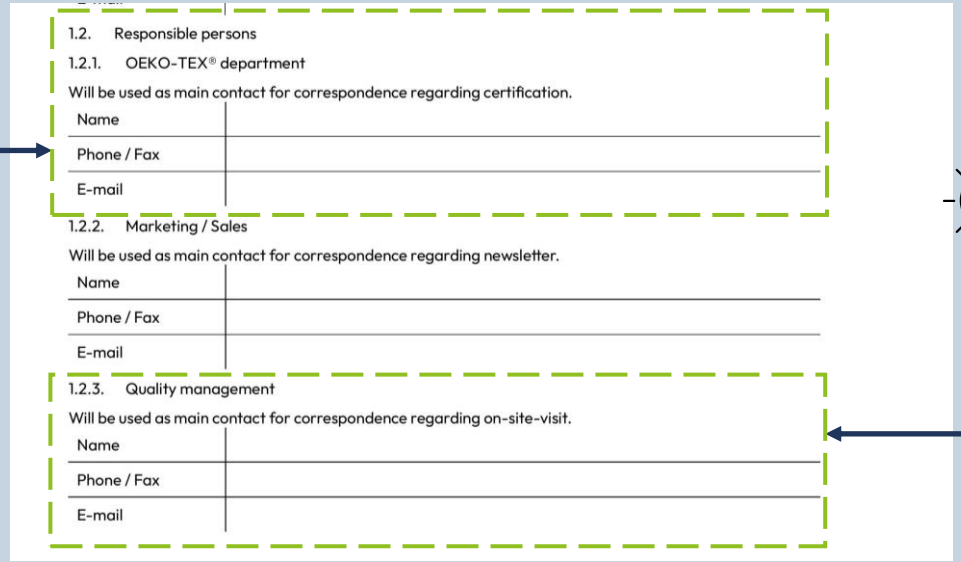
Name and address will appear on the certificate as they are written below.

Firm	
Street, No.	
Zip-Code	
City	
State	
Country	
Phone / FAX	
Homepage	
E-mail	

1.2 ADDRESS AND CONTACT DETAILS
- APPLICATION P. 2 -

Enter the name and contact details of the contact person.

Please check for accuracy.



1.2. Responsible persons

1.2.1. OEKO-TEX® department

Will be used as main contact for correspondence regarding certification.

Name	
Phone / Fax	
E-mail	

1.2.2. Marketing / Sales

Will be used as main contact for correspondence regarding newsletter.

Name	
Phone / Fax	
E-mail	

1.2.3. Quality management

Will be used as main contact for correspondence regarding on-site-visit.

Name	
Phone / Fax	
E-mail	

The **person responsible for quality management** will be contacted regarding on-site-visit.

Enter the name and contact details of the contact person.

Please check for accuracy.

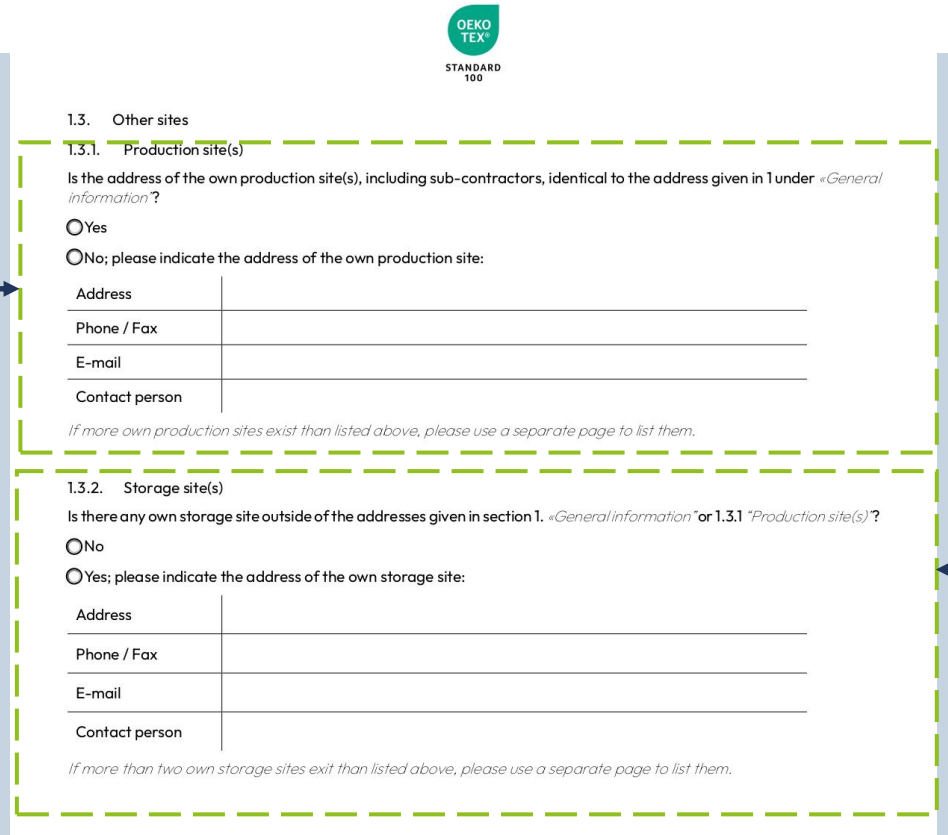
The **responsible person** is our contact person and receives certificates, reports and other communications from us.

1.2 ADDRESS AND CONTACT DETAILS (PRODUCTION SITES) - APPLICATION P. 3 -

Is the **production site** identical?

☑ **Yes**
→ Continue to the next step

☑ **No**
→ Enter the different address and contact data



1.3. Other sites

1.3.1. Production site(s)

Is the address of the own production site(s), including sub-contractors, identical to the address given in 1 under *«General information"*?

○ Yes

○ No; please indicate the address of the own production site:

Address	
Phone / Fax	
E-mail	
Contact person	

If more own production sites exist than listed above, please use a separate page to list them.

1.3.2. Storage site(s)

Is there any own storage site outside of the addresses given in section 1. *«General information"* or 1.3.1 *"Production site(s)"*?

○ No

○ Yes; please indicate the address of the own storage site:

Address	
Phone / Fax	
E-mail	
Contact person	

If more than two own storage sites exit than listed above, please use a separate page to list them.

If you have more than 2 production sites or storage sites, please use an additional/separate page.

Is the **storage site** identical?

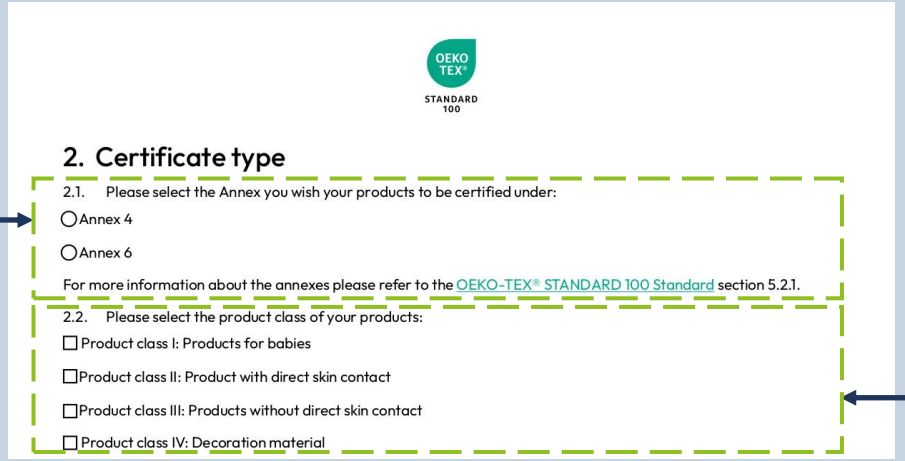
☑ **Yes**
→ Continue to the next step

☑ **No**
→ Enter the different address and contact data

1.3 CERTIFICATE TYPE
- APPLICATION P. 3 -

Please indicate the **annex** in which the requested certificate is to be issued.

- Selection of more than one annex in a single application form is not permitted.
- Separate application forms must be used when applying under different annexes.
- One certificate can be issued in one annex only.



STANDARD 100

2. Certificate type

2.1. Please select the Annex you wish your products to be certified under:

○ Annex 4

○ Annex 6

For more information about the annexes please refer to the OEKO-TEX® STANDARD 100 Standard section 5.2.1.

2.2. Please select the product class of your products:

☐ Product class I: Products for babies

☐ Product class II: Product with direct skin contact

☐ Product class III: Products without direct skin contact

☐ Product class IV: Decoration material

- Selection of more than one product class in a single application form is not permitted.
- Separate application forms must be used when applying under different product class.
- One certificate can be issued in one product class only.

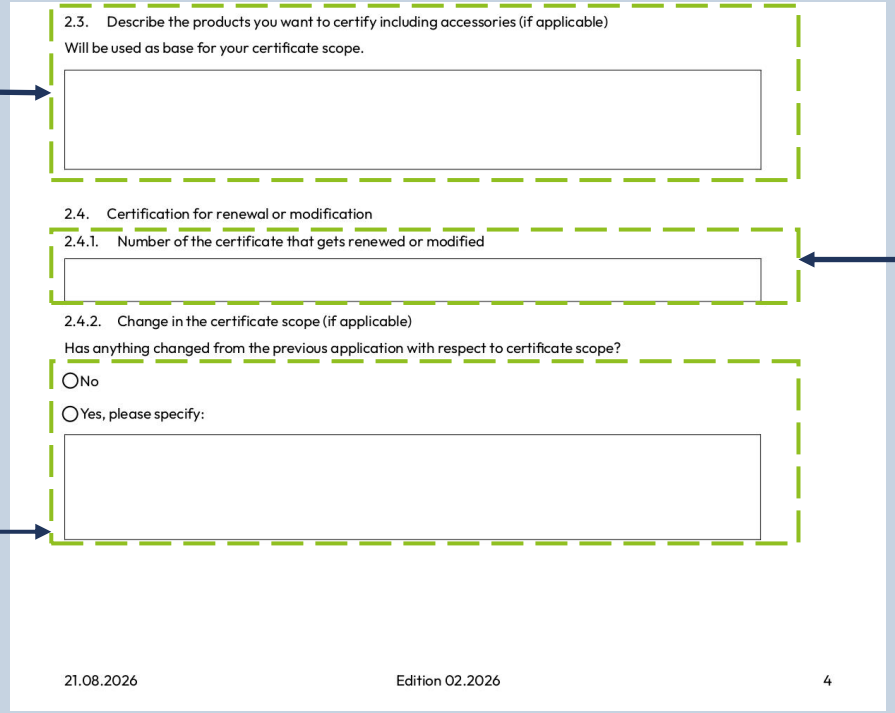
Please indicate the **product class** in which the requested certificate is to be issued.

1.3 CERTIFICATE TYPE
- APPLICATION P. 4 -

Describe the product for which the application is done.

such as:
- Product type
- Product composition
- Dyestuff, print type (if applicable)
- Etc.

☑ Select as appropriate



2.3. Describe the products you want to certify including accessories (if applicable)

Will be used as base for your certificate scope.

2.4. Certification for renewal or modification

2.4.1. Number of the certificate that gets renewed or modified

2.4.2. Change in the certificate scope (if applicable)

Has anything changed from the previous application with respect to certificate scope?

○ No

○ Yes, please specify:

21.08.2026 Edition 02.2026 4

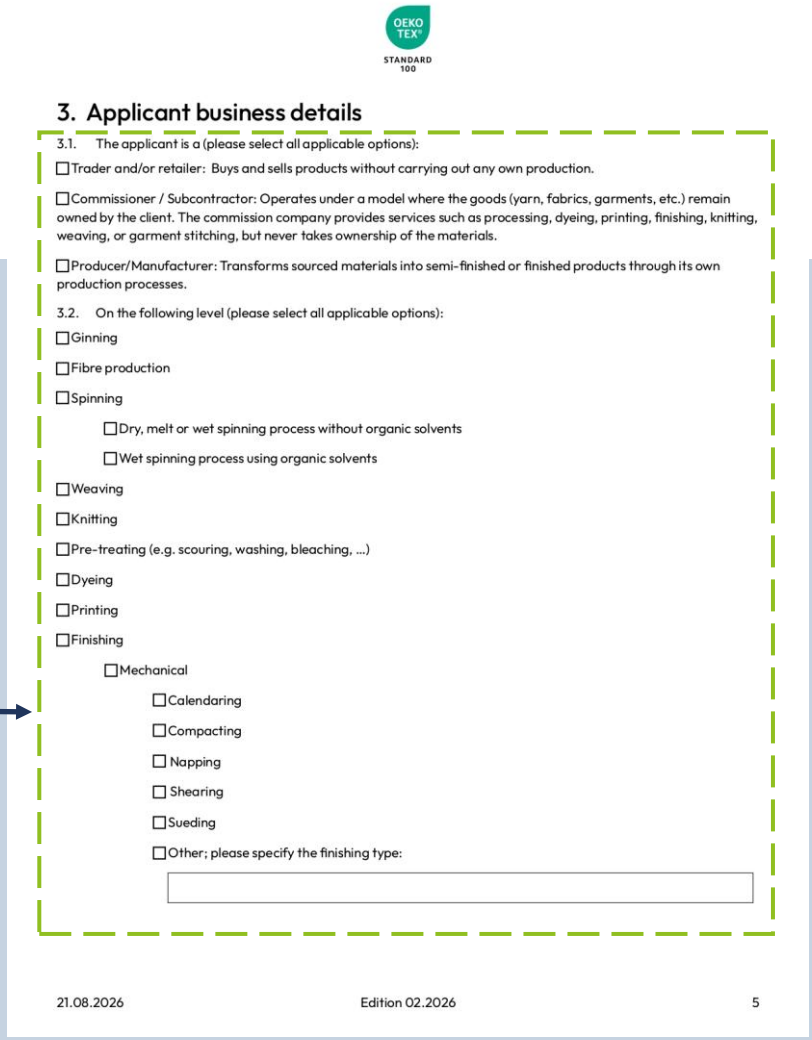
Please skip this part if applying for a new certificate. Needs to be filled out in case of the renewal or extension process.

Mention the certificate number of the existing certificate.

1.3 APPLICANT BUSINESS DETAILS

- APPLICATION P. 5 -

☑ Select as appropriate



3. Applicant business details

3.1. The applicant is a (please select all applicable options):

☐ Trader and/or retailer: Buys and sells products without carrying out any own production.

☐ Commissioner / Subcontractor: Operates under a model where the goods (yarn, fabrics, garments, etc.) remain owned by the client. The commission company provides services such as processing, dyeing, printing, finishing, knitting, weaving, or garment stitching, but never takes ownership of the materials.

☐ Producer/Manufacturer: Transforms sourced materials into semi-finished or finished products through its own production processes.

3.2. On the following level (please select all applicable options):

☐ Ginning

☐ Fibre production

☐ Spinning

- ☐ Dry, melt or wet spinning process without organic solvents
- ☐ Wet spinning process using organic solvents

☐ Weaving

☐ Knitting

☐ Pre-treating (e.g. scouring, washing, bleaching, ...)

☐ Dyeing

☐ Printing

☐ Finishing

- ☐ Mechanical
  - ☐ Calendaring
  - ☐ Compacting
  - ☐ Napping
  - ☐ Shearing
  - ☐ Sueding
  - ☐ Other; please specify the finishing type:

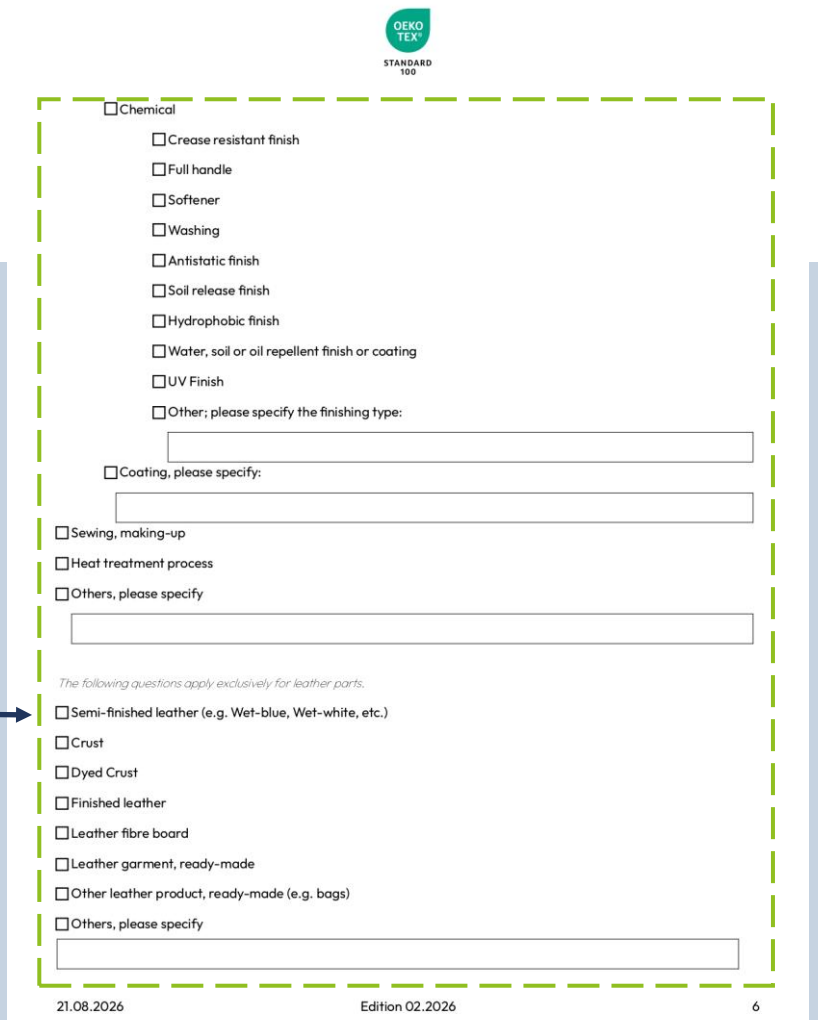
21.08.2026 Edition 02.2026 5

In the case of a producer, they need to select all the production stages being handled. **Multiple** production stages can be selected.

1.3 APPLICANT BUSINESS DETAILS

- APPLICATION P. 6 -

☑ Select as appropriate



☐ Chemical
- ☐ Crease resistant finish
- ☐ Full handle
- ☐ Softener
- ☐ Washing
- ☐ Antistatic finish
- ☐ Soil release finish
- ☐ Hydrophobic finish
- ☐ Water, soil or oil repellent finish or coating
- ☐ UV Finish
- ☐ Other; please specify the finishing type:

☐ Coating, please specify:

☐ Sewing, making-up

☐ Heat treatment process

☐ Others, please specify

The following questions apply exclusively for leather parts.

☐ Semi-finished leather (e.g. Wet-blue, Wet-white, etc.)

☐ Crust

☐ Dyed Crust

☐ Finished leather

☐ Leather fibre board

☐ Leather garment, ready-made

☐ Other leather product, ready-made (e.g. bags)

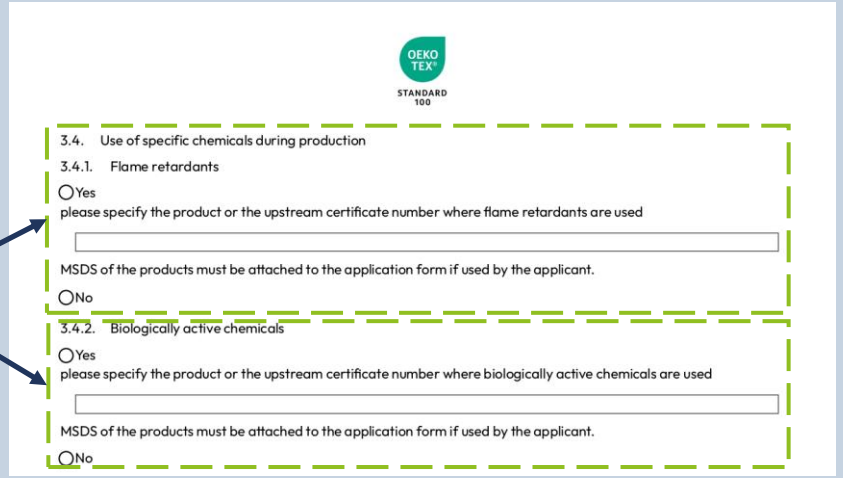
☐ Others, please specify

21.08.2026 Edition 02.2026 6

In the case of a producer, they need to select all the production stages being handled. **Multiple** production stages can be selected.

1.3 ARTICLE DETAIL
(USE OF HAZARDOUS COMPOUNDS)
- APPLICATION P. 8

☑ Select as appropriate



OEKO TEX® STANDARD 100

3.4. Use of specific chemicals during production

3.4.1. Flame retardants

○ Yes

please specify the product or the upstream certificate number where flame retardants are used

MSDS of the products must be attached to the application form if used by the applicant.

○ No

3.4.2. Biologically active chemicals

○ Yes

please specify the product or the upstream certificate number where biologically active chemicals are used

MSDS of the products must be attached to the application form if used by the applicant.

○ No

- For materials with pre-certified flame retardant or biologically active substances, the exact treatment and the corresponding certificate shall be stated.
- The use of biologically active products is prohibited in all cases in articles for babies, as well as in articles with contact to mucous membranes.
- Check the list of accepted ACPs

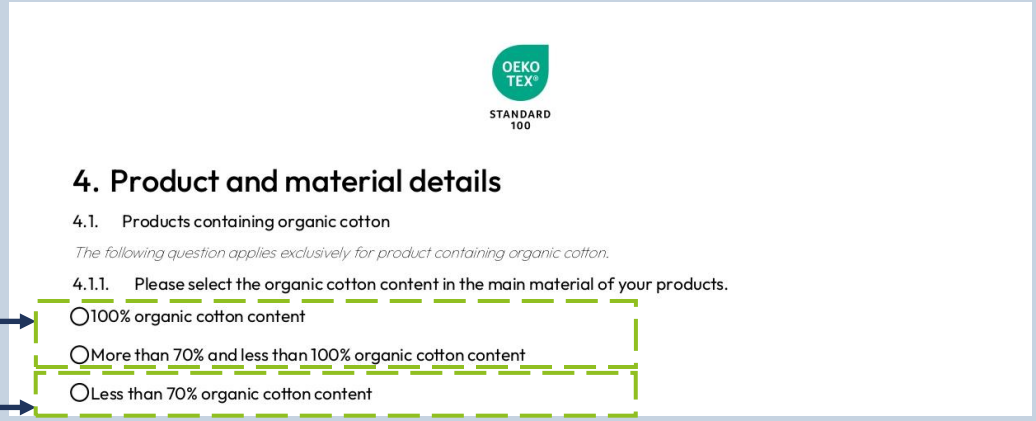
1.3 ARTICLE DETAIL
(USE OF HAZARDOUS COMPOUNDS)
- APPLICATION P. 8 -

☑ Select as appropriate

1.4 PRODUCT AND MATERIAL DETAILS
(ORGANIC MATERIAL)
- APPLICATION P. 9 -

If organic cotton content is more than 70 % apply for OEKO-TEX® ORGANIC COTTON using the correct application form

☑ Select if less than 70 % organic cotton is used



STANDARD 100

4. Product and material details

4.1. Products containing organic cotton

The following question applies exclusively for product containing organic cotton.

4.1.1. Please select the organic cotton content in the main material of your products.

◯ 100% organic cotton content

◯ More than 70% and less than 100% organic cotton content

◯ Less than 70% organic cotton content

1.4 PRODUCT AND MATERIAL DETAILS
(LEATHER MATERIAL)
- APPLICATION P. 9, 10 -

☑ If leather material is used select as appropriate

4.2. Leather material

The questions in this section apply exclusively to leather parts.

4.2.1. Use of chrome-free or metal-free tanned leather terminology

☐ Chrome-free

☐ Metal-free

☐ Not applicable

Indication:

If the applicant wants to have the terms "chrome free tanned leather" and/or "metal-free tanned leather" mentioned in the scope of the certificate the following requirements need to be fulfilled:

The definition of "chrome-free tanned leather" and/or "metal-free tanned leather" according to ISO 15115 (2019) has been considered in tanning process and fulfils the requirements of 3.20 and 3.57 of the ISO 15115 (2019) respectively.

4.2.2. Origin

Necessary for compliance with the Regulation (EU) 2023/1115 of the European Parliament and of the Council of 31 May 2023 on the making available on the Union market and the export from the Union of certain commodities and products associated with deforestation and forest degradation and repealing Regulation (EU) No 995/2010.

4.2.2.1. Indicate all countries of origin for the hide, skin or leather material you are applying for

◯ Unknown

◯ Known, please specify

Please attach to the application form all relevant proof

4.2.2.2. Do you consider in your purchasing practice that your un-/processed hide or skin is coming from species appropriate husbandry and animal welfare considered animal farming/ facilities?

◯ Yes

◯ Partly, please specify

◯ No

4.2.2.3. Is a risk analysis in regard of legal and illegal deforestation, to avoid leather material coming from such areas, implemented or considered in your purchasing practice?

◯ Yes, please attach the risk analysis to the application form

◯ Only for leather materials coming from countries with high risk of deforestation (e.g. Brazil, Paraguay) , please attach the risk analysis to the application form

◯ No

4.2.2.4. Is traceability of the leather implemented or considered in your purchasing practice?

◯ Yes, traceable back to single slaughterhouse and farm by physical marking (e.g. laser engraving a number-code) and/or reliable data system.

◯ Yes, traceable back to single slaughterhouse and country by physical marking (e.g. laser engraving a number-code) and reliable data system?

◯ Yes, traceable back to slaughterhouse group, region or country by georeferenced location, by physical marking (e.g. laser engraving a number-code) or reliable data system?

◯ No

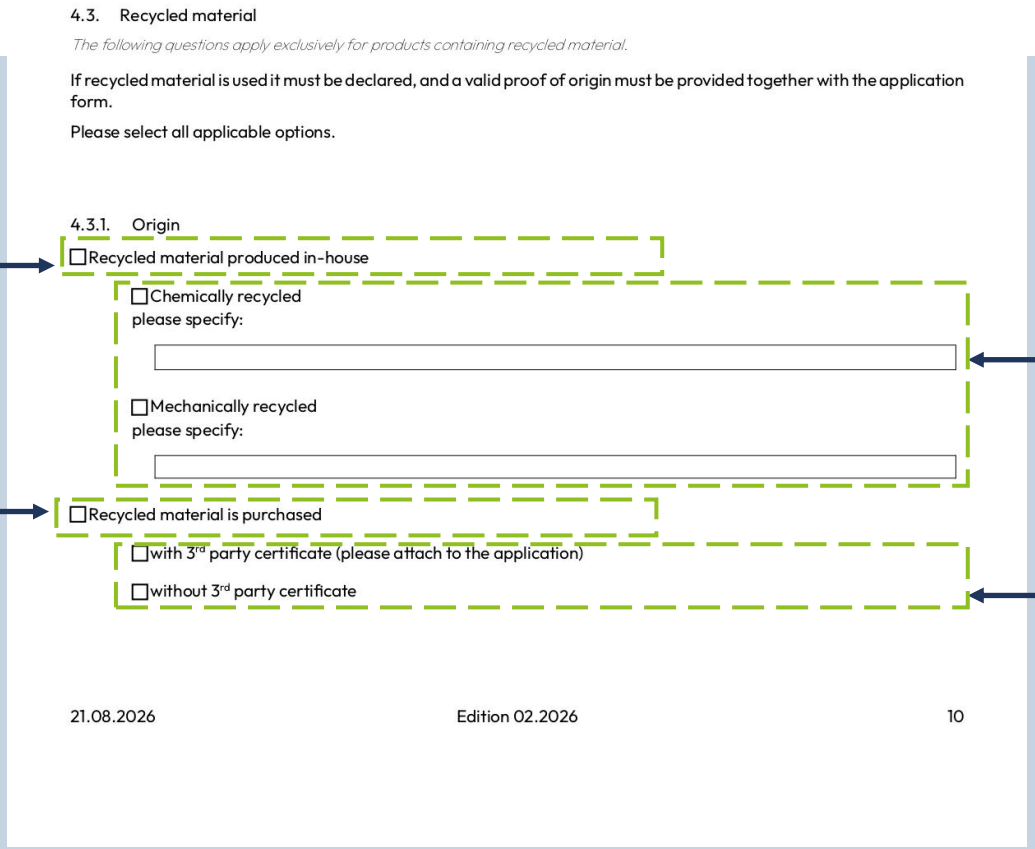
1.4 PRODUCT AND MATERIAL DETAILS (RECYCLED MATERIALS) - APPLICATION P. 10 -

Chemical treatment
When chemical treatment is done, such as solvolysis, depolymerization, etc.

Mechanical treatment
When the fibres are mechanically shredded, mixed, and reformed.

☑ Select if the applicant recycles the product themself

☑ Select if the applicant buys and uses already recycled product



4.3. Recycled material

The following questions apply exclusively for products containing recycled material.

If recycled material is used it must be declared, and a valid proof of origin must be provided together with the application form.

Please select all applicable options.

4.3.1. Origin

☐ Recycled material produced in-house

☐ Chemically recycled
please specify:

☐ Mechanically recycled
please specify:

☐ Recycled material is purchased

☐ with 3rd party certificate (please attach to the application)

☐ without 3rd party certificate

21.08.2026 Edition 02.2026 10

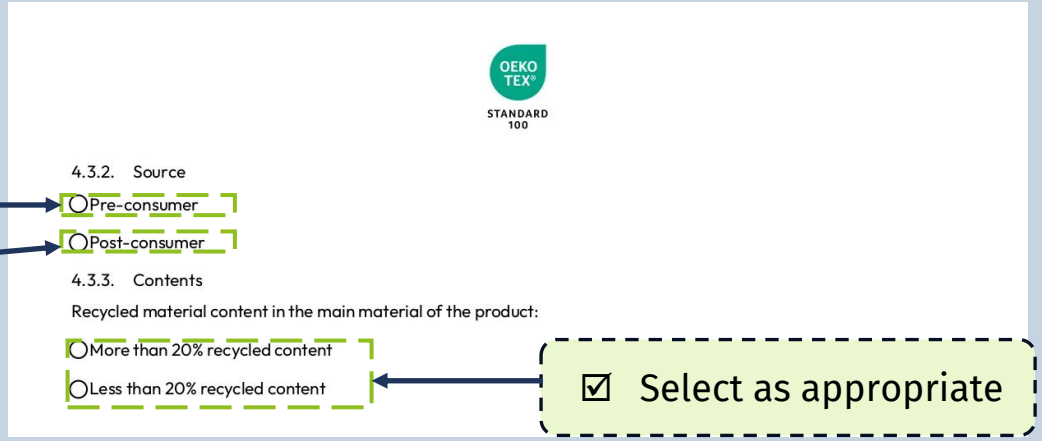
☑ Select the type of recycling process along with the name of the specific recycling process; e.g. depolymerization

☑ Select as appropriate

1.4 PRODUCT AND MATERIAL DETAILS
(RECYCLED MATERIALS)
- APPLICATION P. 11 -

☑ Select if pre-consumer waste is used to manufacture the recycled material

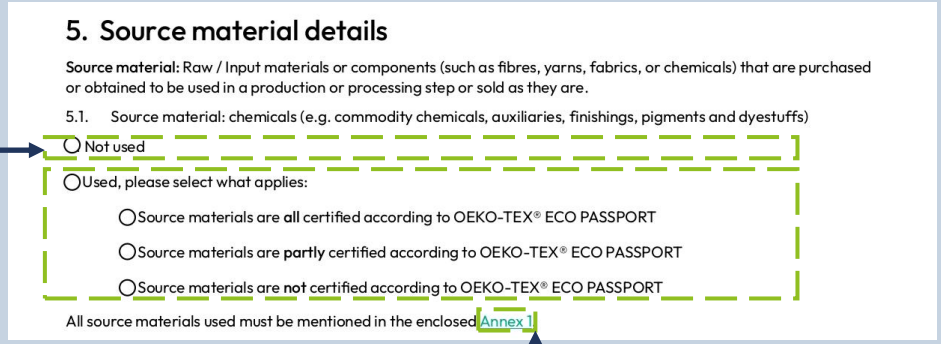
☑ Select if post-consumer waste is used to manufacture the recycled material



☑ Select as appropriate

1.5 SOURCE MATERIAL DETAILS
- APPLICATION P. 11 -

☑ Select if no dyes and chemicals used



5. Source material details

Source material: Raw / Input materials or components (such as fibres, yarns, fabrics, or chemicals) that are purchased or obtained to be used in a production or processing step or sold as they are.

5.1. Source material: chemicals (e.g. commodity chemicals, auxiliaries, finishings, pigments and dyestuffs)

○ Not used

○ Used, please select what applies:

○ Source materials are **all** certified according to OEKO-TEX® ECO PASSPORT

○ Source materials are **partly** certified according to OEKO-TEX® ECO PASSPORT

○ Source materials are **not** certified according to OEKO-TEX® ECO PASSPORT

All source materials used must be mentioned in the enclosed Annex 1

Please click here and an **editable excel file** will be automatically downloaded.
→ Insert all required info in the excel.

Is there OEKO-TEX® ECO PASSPORT certificate available for the dyes and/or chemicals used in production?

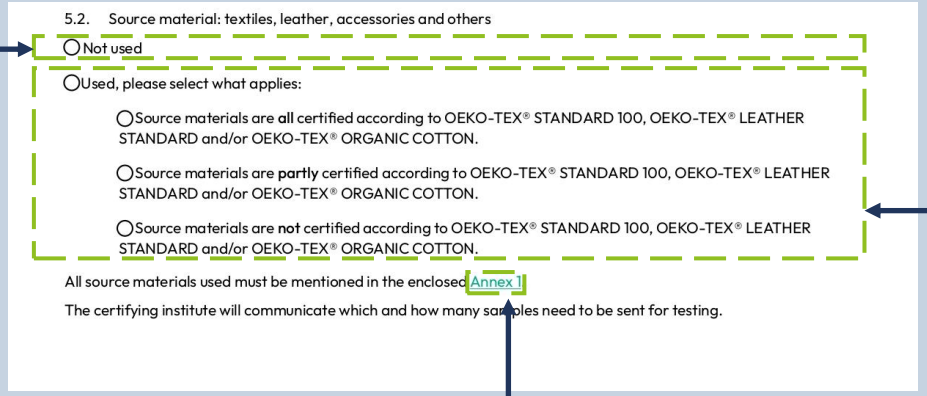
☑ **Yes, for all dyes and/or chemicals**
→ Select 1st option

☑ **Yes, for some of dyes and/or chemicals**
→ Select 2nd option

☑ **No**
→ Select 3rd option

1.5 SOURCE MATERIAL DETAILS
- APPLICATION P. 11 -

☑ Select if no source materials used



5.2. Source material: textiles, leather, accessories and others

○ Not used

○ Used, please select what applies:

○ Source materials are **all** certified according to OEKO-TEX® STANDARD 100, OEKO-TEX® LEATHER STANDARD and/or OEKO-TEX® ORGANIC COTTON.

○ Source materials are **partly** certified according to OEKO-TEX® STANDARD 100, OEKO-TEX® LEATHER STANDARD and/or OEKO-TEX® ORGANIC COTTON.

○ Source materials are **not** certified according to OEKO-TEX® STANDARD 100, OEKO-TEX® LEATHER STANDARD and/or OEKO-TEX® ORGANIC COTTON.

All source materials used must be mentioned in the enclosed Annex 1.

The certifying institute will communicate which and how many samples need to be sent for testing.

Is there OEKO-TEX® certificate available for the source materials used in production?

☑ **Yes, for all source materials**
→ Select 1st option

☑ **Yes, for some of the source materials**
→ Select 2nd option

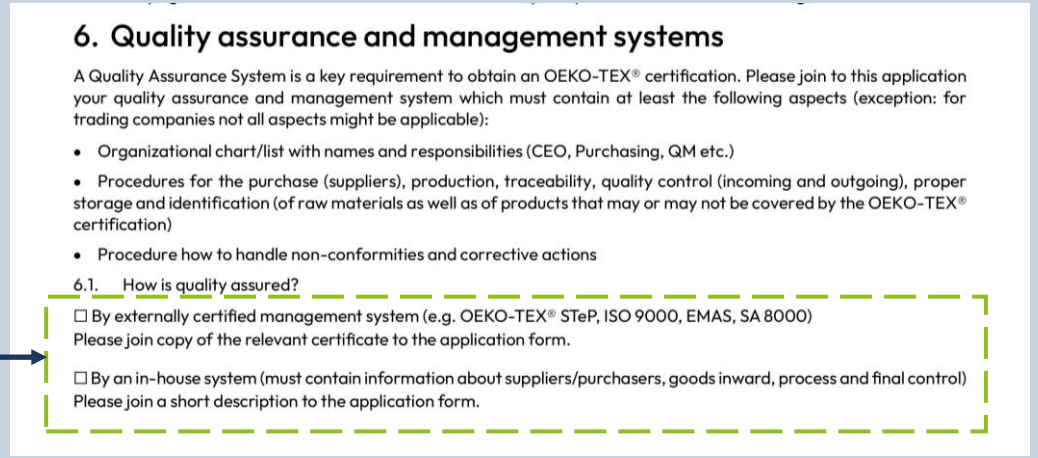
☑ **No**
→ Select 3rd option

Click here and an **editable excel file** will be automatically downloaded.
→ Insert all required info in the excel

It is the **same** excel as the one downloadable from **section 5.1**. If you have already downloaded from previous section to insert dyes and/or chemical information **use the designated area for other source material in the same excel.**

1.6 QUALITY ASSURANCE
- APPLICATION P. 11 -

Please tick the appropriate box for **quality assurance.**



6. Quality assurance and management systems

A Quality Assurance System is a key requirement to obtain an OEKO-TEX® certification. Please join to this application your quality assurance and management system which must contain at least the following aspects (exception: for trading companies not all aspects might be applicable):

- Organizational chart/list with names and responsibilities (CEO, Purchasing, QM etc.)
- Procedures for the purchase (suppliers), production, traceability, quality control (incoming and outgoing), proper storage and identification (of raw materials as well as of products that may or may not be covered by the OEKO-TEX® certification)
- Procedure how to handle non-conformities and corrective actions

6.1. How is quality assured?

☐ By externally certified management system (e.g. OEKO-TEX® STeP, ISO 9000, EMAS, SA 8000)
Please join copy of the relevant certificate to the application form.

☐ By an in-house system (must contain information about suppliers/purchasers, goods inward, process and final control)
Please join a short description to the application form.

External: A valid copy of the quality management certificate is sufficient (ISO 9001, ISO 14000, EMAS, etc.)

Internal: A current (dated and signed) **description of quality assurance**. This must include the following:

- **Organizational chart**/list with names and responsibilities (Managing Director, Purchasing, QM, etc.)
- **Procedures for purchasing** (suppliers), production, traceability, quality control (incoming and outgoing inspection), proper storage and labelling (of raw materials and products covered or not covered by the certification)
- **Procedures for handling non-conformities** and corrective actions

1.7 DECLARATION OF COMMITMENT
- APPLICATION P. 13 -

Enter the **applicant**'s name and company address.

☑ Accept **Terms of Use**

☑ Accept **Declaration of Conformity**

Insert **date and signature.**

7. Declaration of commitment

Name of the authorized representative of the applicant:

By signing the application, the applicant is responsible to comply with the animal and species protection, which are relevant for them. Regarding to this the OEKO-TEX Service GmbH excludes any liability.

The applicant acknowledges that the use of protected trade names / marks as well as terms which are protected elsewhere (for example by law, as it is the case for „organic") in the product description on the certificate are in his sole responsibility.

The applicant agrees that his address can be mentioned in an international reference list of all holders of OEKO-TEX® certificates (please cross out this paragraph if you do not agree to this).

The applicant agrees that he will receive repeated information from the International OEKO-TEX Service GmbH in the form of an electronic newsletter to the e-mail address mentioned in the application (please cross out this paragraph if you do not agree to this).

Please download and completely read through the Terms of Use (ToU) at www.oeko-tex.com/ToU as they become an integral part of the certification contract. By checking the box, you confirm that you have downloaded, read, understood and agree with the Terms of Use.

☐ I agree to the Terms of Use (ToU), www.oeko-tex.com/ToU (Note: Without agreement testing and certification cannot be conducted)

Please download and fill out the Declaration of Conformity (DoC). The DoC becomes an integral part of the certification contract. By checking the box, you confirm that you have downloaded, filled out, understood and signed the DoC.

☐ I agree with the Declaration of Conformity (DoC), (Note: Without agreement testing and certification cannot be conducted)

Date:_____

Signature:_____

Address must be identical to page 2 and the named **person** must sign the application.

The **signature** confirms that all information is complete and true and that the terms of use have been read, understood and accepted.

2. OEKO-TEX®
SUPPLIER LIST ANNEX

2. OEKO-TEX® SUPPLIER LIST ANNEX

2.1 Suppliers

2.2 Colourants

2.3 Other Chemicals

2.4 Recycled Material

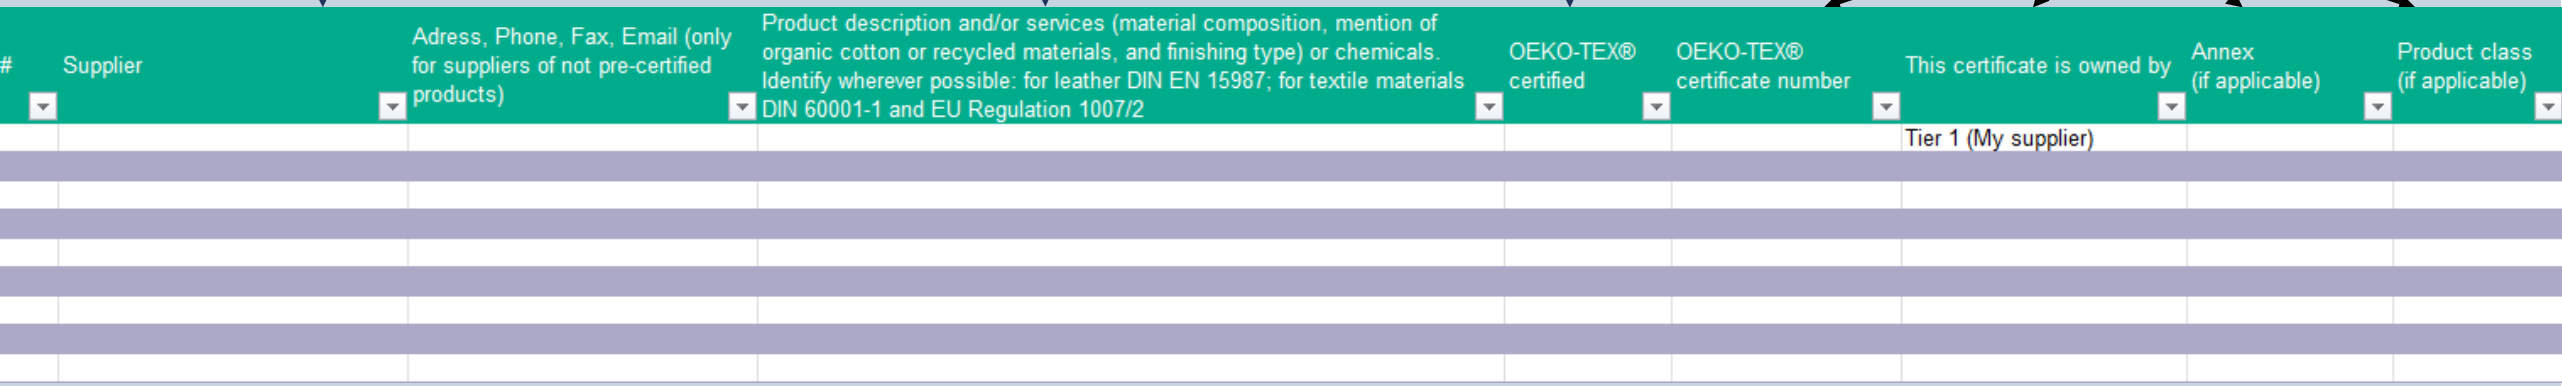
2.1 SUPPLIERS

Mention the **name and address** of the supplier. In case of certified supplier write the exact name and address as the certificate.

Mention only the **items** that are being purchased **from the listed supplier.**

Choose from drop down menu,
➔ Certified
➔ Uncertified

Please ensure accurate entry of **certificate details**. Refer to page 38 for the location of the information.



2.2 COLOURANTS

Mention the **trade name** of the dyestuff.

Mention the **supplier** name.

Mention the **type of colourant**, for example: reactive, disperse, acid, pigment, etc.

Mention the **use.**

Mention the **C.I. Generic Name** of the colourant.

Please ensure accurate entry of **certificate details.**

Choose from drop down menu,
- ➔ Tier 1
- ➔ Tier 2
- ➔ Tier 3 or more

#	Trade name	Source	Colourant type	Use	C.I. Name	OEKO-TEX® ECO PASSPORT certifie	Certificate number	This certificate is owned by
0	example: Dianix Blue AC-E	Dystar	Disperse	Dyeing	Disperse Blue 56			

Tier 1: The direct supplier is the certificate holder.

Tier 2: The direct supplier is a trader who resells the product purchased from a certificate holder.

Tier 3 or more: There is more than one trader in between you and the certificate holder.

2.3 Other Chemicals

Mention the **trade name** of the chemical.

Mention the **supplier** name.

Mention the **type of chemical**, for example: wetting agent, softener, etc.

Mention the date from the **Safety Data Sheet** (SDS).

Please ensure accurate entry of **certificate details**.

#	Trade name	Source	Auxiliary type	Date of the safety data sheet	OEKO-TEX® ECO PASSPORT certified	OEKO-TEX® certificate number
0	example: Sorftycom SM	Textilcolor	Softener	Nov 23		

2.4 RECYCLED MATERIAL

Mention a **short description** of the product.

Mention if the raw material is post-consumer or pre-consumer waste.

Mention address of the supplier. In case of certified supplier write the **exact address as the certificate**.

Mention **name of the certificate** if any certificate is available for recycled material.

Mention the **weight %** of recycled material in the finished product.

#	Material description2	Proveneince	Supplier (if applicable)	Address	Certificate	Percentage in the final product
0	Example: recycled material 1	Post-consumer PET bottles	pet bottle supplier 1	example address 1, 1234 example city	GRS	

3. SUPPLIER CERTIFICATE AND DELIVERY NOTES

3. SUPPLIER CERTIFICATE AND DELIVERY NOTES - OVERVIEW

3.1 Supplier Certificate

3.2 Delivery Notes

3.1 SUPPLIER CERTIFICATE

Certificate owner & address.

Certificate scope.

Product class & Annex.

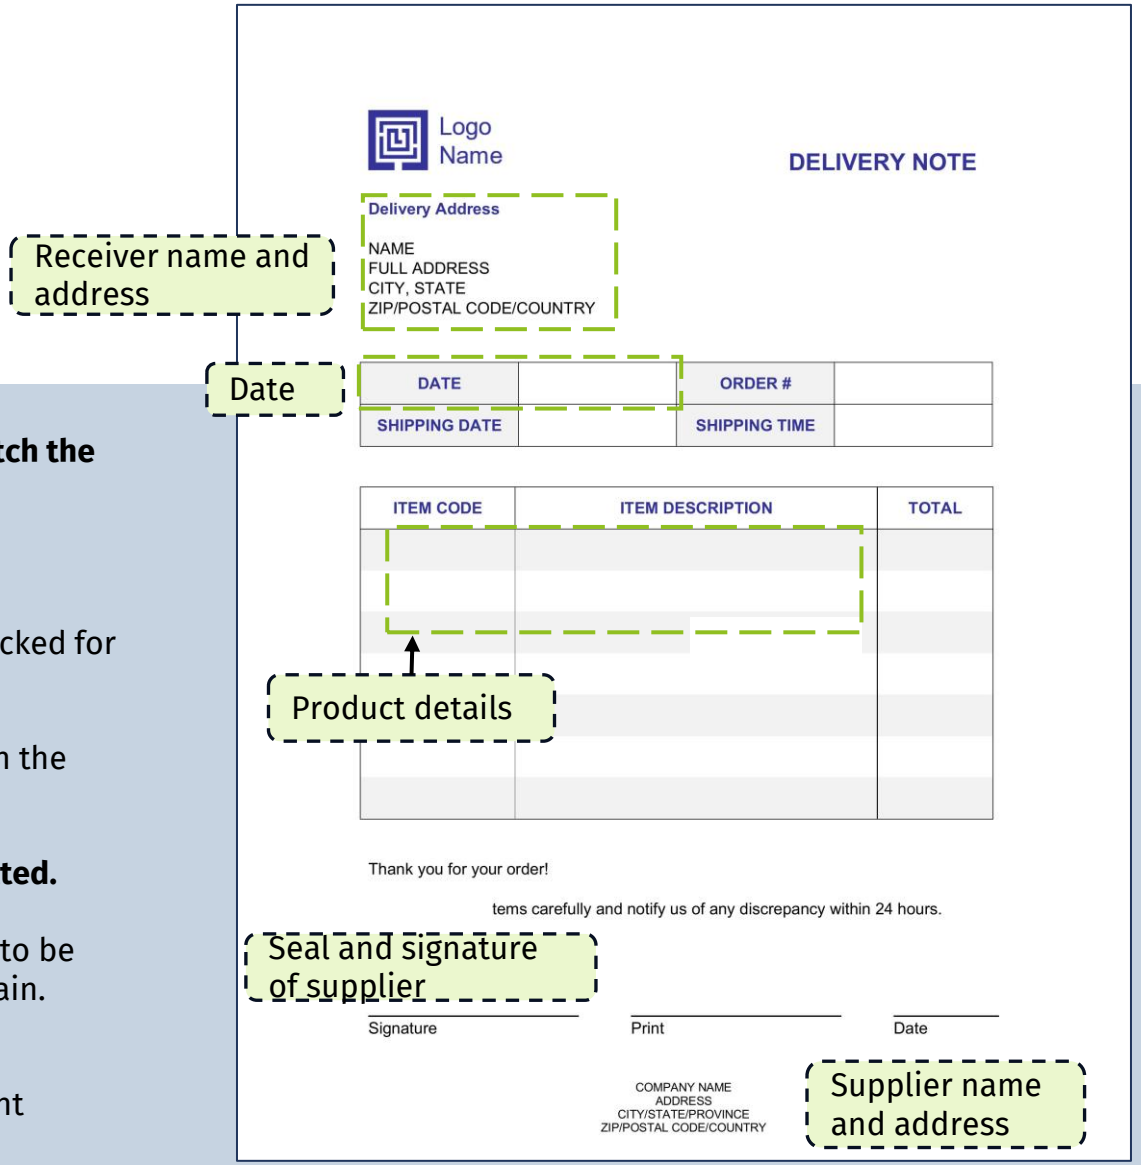
Certificate # & expiration date.

Verifiable certificate # & certification body.

[Guideline to read OEKO-TEX® STANDARD 100 Certificate]

3.2 DELIVERY NOTES

- Supplier name and address in the purchase evidence **must match the supplier certificate.**
- Purchase evidence must **not be older than 12 months.**
- Required seals and signs must be present and will be crosschecked for authenticity.
- All certified materials claimed to be used shall be mentioned in the purchase evidences.
- **Minimum 1 purchase evidence per supplier needs to be submitted.**
- If there is a trader in between, then trader confirmation needs to be submitted and a corresponding invoice covering the supply chain. From June 2027 onwards, traders shall also be certified.
- If only item numbers are listed on the delivery note, a document describing the item numbers needs to be submitted.



4. QUALITY MANUAL

4. QUALITY MANUAL

Internal Quality Document

The following points must be **described as a minimum:**

1. **Organizational chart/** list (organigram) with names and responsibilities (CEO, purchasing, QM etc.).

2. **Procedures for the purchase** (suppliers), production, traceability, quality control (incoming and outgoing), proper storage and identification (of raw materials as well as of products that may or may not be covered by the OEKO-TEX® certification).

3. Documented standard operating procedure on **how to handle non-conformities and corrective actions.**

External Quality Document

1. **External certificates** such as ISO 9000, STeP, etc. can be accepted as proof.

2. The OEKO-TEX® production chain must be covered.

3. The external quality assurance certificate may not be expired more than a year and a confirmation about ongoing renewal application must be submitted.

Quality Manual Checklist

5. RECIPE

5. RECIPE

In case of products with dyeing, printing, finishing, or any other chemical processes, **recipe needs to be submitted**. The recipe needs to fulfill the following requirements:

- All dyes and chemicals mentioned in the list should be used to prepare the recipes.
- All dyes and chemicals used to prepare the recipes should be mentioned in the dyes and chemicals list.

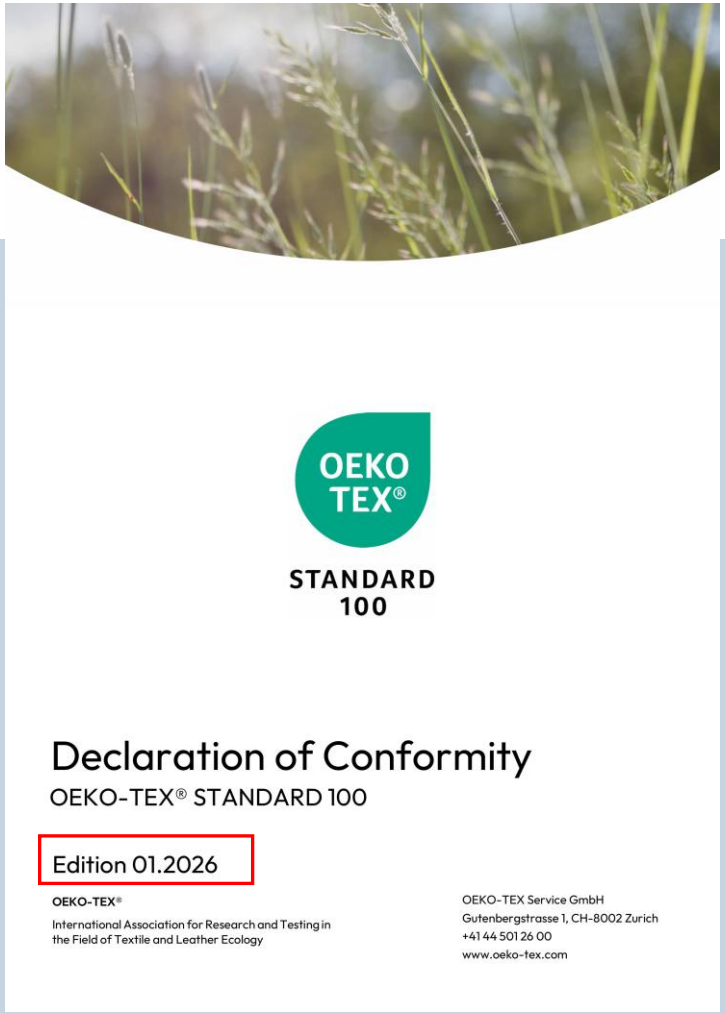
6. DECLARATION OF CONFORMITY

6. DECLARATION OF CONFORMITY

- Only the current edition is accepted!

→ Download-Link to latest version

- All documents can be found on the Hohenstein Website



6. DECLARATION OF CONFORMITY

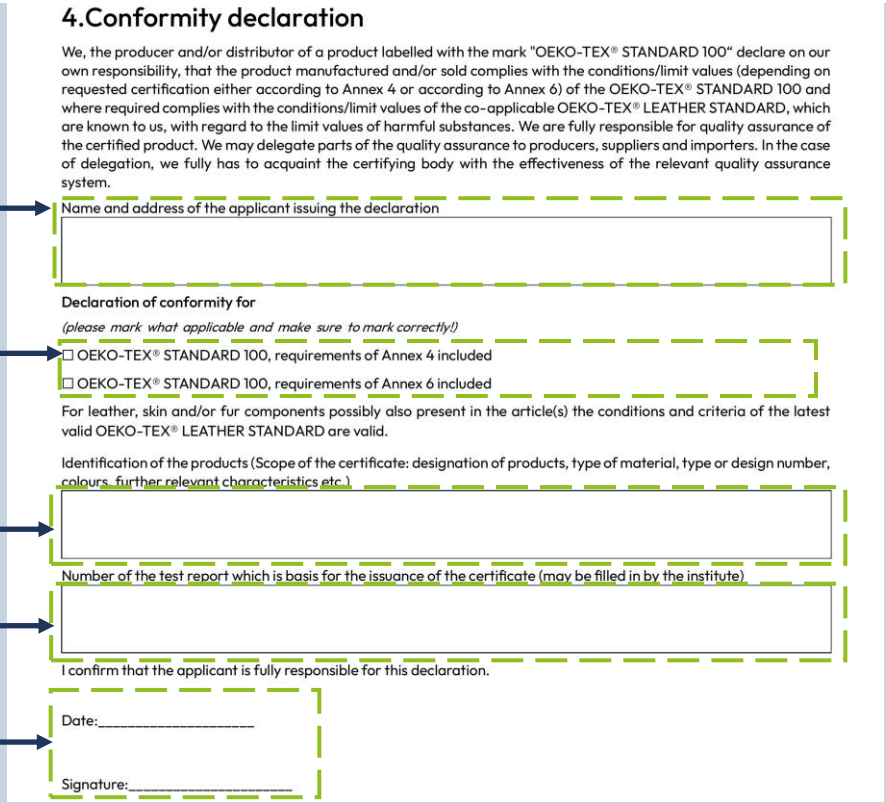
Enter the **applicant**'s name and company address.

Please indicate the annex in which the requested certificate is to be issued.

Write article description.

In case of renewal or extension, mention the latest available base certificate´s report no.

Insert **date and signature.**



4.Conformity declaration

We, the producer and/or distributor of a product labelled with the mark "OEKO-TEX® STANDARD 100" declare on our own responsibility, that the product manufactured and/or sold complies with the conditions/limit values (depending on requested certification either according to Annex 4 or according to Annex 6) of the OEKO-TEX® STANDARD 100 and where required complies with the conditions/limit values of the co-applicable OEKO-TEX® LEATHER STANDARD, which are known to us, with regard to the limit values of harmful substances. We are fully responsible for quality assurance of the certified product. We may delegate parts of the quality assurance to producers, suppliers and importers. In the case of delegation, we fully has to acquaint the certifying body with the effectiveness of the relevant quality assurance system.

Name and address of the applicant issuing the declaration

Declaration of conformity for

(please mark what applicable and make sure to mark correctly!)

☐ OEKO-TEX® STANDARD 100, requirements of Annex 4 included

☐ OEKO-TEX® STANDARD 100, requirements of Annex 6 included

For leather, skin and/or fur components possibly also present in the article(s) the conditions and criteria of the latest valid OEKO-TEX® LEATHER STANDARD are valid.

Identification of the products (Scope of the certificate: designation of products, type of material, type or design number, colours, further relevant characteristics etc.)

Number of the test report which is basis for the issuance of the certificate (may be filled in by the institute)

I confirm that the applicant is fully responsible for this declaration.

Date:_____

Signature:_____

Address must be identical to page 13 of the application form, and the named **person** must sign the declaration.

Selection of more than one annex in a single declaration form is not permitted. Separate declaration forms must be used when applying under different annexes.

7. SAMPLE

7. SAMPLE

- An adequate **production sample** needs to be sent to Hohenstein
- Check the **sample requirements** based on the specific product here:

Sample checklist
